FY2023/2024
ANNUAL REPORT

crmc.

CUYUNAMED.ORG

Building Health *and* Earning Trust

**A message from
Amy Hart**
Chief Executive Officer

**Momentum is built
by people who show
up every day with
purpose and heart.”**

Momentum doesn't happen by accident – it's built by the daily decisions of people who care deeply about their work and the lives they touch. At CRMC, the past two years have been a testament to what's possible when that kind of commitment is sustained across every department, every service line, and every patient encounter.

Together, we've navigated a period of continued growth, welcomed new providers and specialties, and elevated the patient experience in ways that have earned both local loyalty and national recognition. From the launch of our Endocrinology program to the addition of new pain management procedures and training technology, we've made meaningful investments in the future of care for our region.

Our teams were honored to receive multiple awards, including Healthgrades Outstanding Patient Experience for two consecutive years, national rankings from U.S. News & World Report and Newsweek, and top marks in areas like Obstetrics, Emergency Care, and Minimally Invasive Surgery. These honors reflect the extraordinary efforts of our staff and physicians, and the culture of compassion and excellence they bring to work every day.

We also continued our work beyond the walls of our facilities – supporting community health priorities and earning the Minnesota Hospital Association's Community Benefit Award for our efforts to address food insecurity. These initiatives remind us that better health isn't just about great care – it's also about access, equity, and building trust.

This report captures two years of dedication, innovation, and heart. It celebrates the ways we've grown stronger, together – and points toward the future we're building: one that is bold, responsive, and centered on the needs of the people we serve.

Thank you for your support, your trust, and your partnership in this journey. The future of CRMC is bright because the people behind it are deeply committed to doing the right things, for the right reasons.

In health and gratitude,

A handwritten signature in blue ink, appearing to be the initials 'AH' or a similar stylized name, written in a cursive style.

Mission

At Cuyuna Regional Medical Center, our mission is to deliver exceptional care and compassion by dedicating ourselves to your well-being every day.

Vision

To be the top choice for receiving care, practicing medicine, and meaningful employment.

We will do this through a commitment to excellence in healthcare delivery, fostering a supportive and innovative environment for medical professionals, and prioritizing the well-being and satisfaction of our staff, patients, and the community we serve. This commitment includes ongoing investments in state-of-the-art medical technology, a focus on patient-centered care, and a dedication to creating a workplace that values collaboration and continuous improvement.

Four Commitments

- Commitment to Patient Experience
- Commitment to Communication
- Commitment to Teamwork
- Commitment to Compassion

Connect *with* Patients

Toddler's Miracle Transformation: Pediatrician's Care Leads to Remarkable Recovery

"Toddler Dottie Perrine's transformation under the care of CRMC Pediatrician Wendi Johnson, M.D., FAAP, has been nothing short of miraculous. Born with a challenging chromosome disorder and facing feeding issues since day one, Dottie's journey took a turn for the better under the care of Dr. Johnson. "I wholeheartedly recommend Dr. Johnson to any mother seeking compassionate, dedicated pediatric care. The exceptional care extends to her equally amazing nurse. Parenting can be challenging and having someone like Dr. Johnson on your side is not just helpful, it's truly invaluable."

- Savannah Perrine, Dottie's Mother

Quick, Attentive Care with Genuine Compassion and Expertise

"What impresses me most about this facility is the quick, attentive service. I never have to wait long – whether for a blood draw, physical, or check-up. Unlike in Minneapolis, where I often waited half an hour past my appointment, here they call me almost immediately. Everyone genuinely cares, always asking, 'How's your day?' My wife and I have been coming here for five years since moving from Minneapolis, and Dr. Mark Bostrom has been our go-to doctor ever since."

- David

Bariatric Success: A CRMC Employee's Journey to Weight Loss

It was a relationship that began at just eight years old and profoundly impacted Cuyuna Regional Medical Center's Environmental Service Director, SJ Wieczoreak, for decades. That relationship was with food, and five years ago, Wieczoreak finally broke free of its hold thanks to the bariatric surgery program at CRMC. Since then, she has continued her weight loss journey with the help of a support group.

"The medical weight loss program at CRMC with Dr. Angelina Ausban has offered me accountability. I am happy they have it, and it's open to everybody. I knew I needed to recalibrate. I needed to remind myself of my "why" and keep going."

- SJ Wieczoreak, Surgical Weight Loss Patient

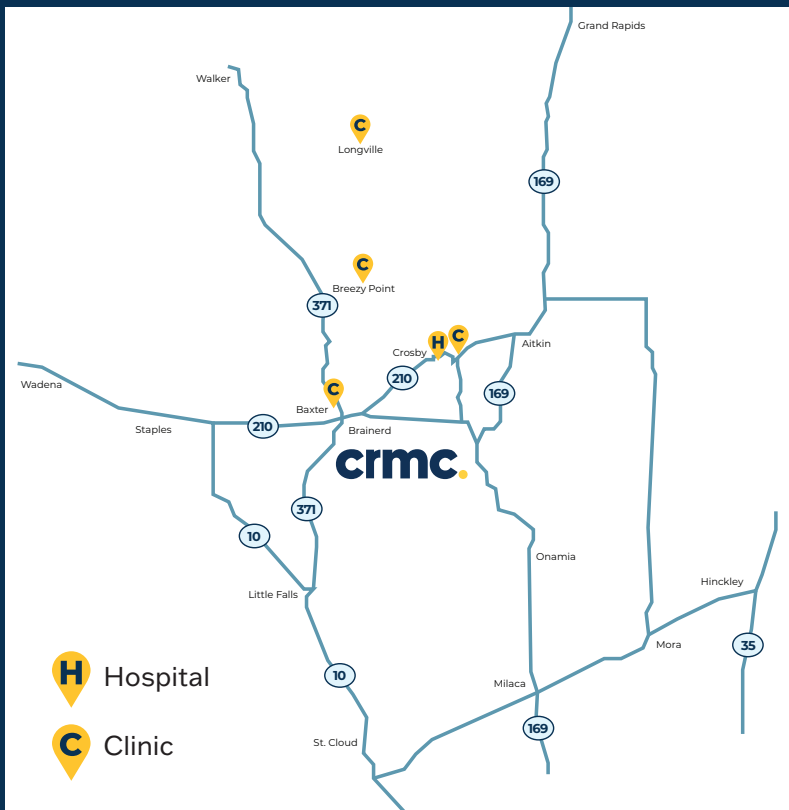

Young Girl's Life Saved Thanks to Doctor's Persistence

During a routine well-child checkup at Cuyuna Regional Medical Center, the attentiveness of Monica Goodwin, MD proved critical for an 11-year-old. Sarah Katzenberger, of Brainerd, is highly grateful to Dr. Monica Goodwin for her persistence and intervention, which led to the identification of a rare congenital heart defect and ultimately saved her daughter Ellis's life.

60 Years of Care

Cuyuna Regional Medical Center is a community, non-profit health care organization dedicated to providing care for every person who comes through its doors. Founded in 1962 by Crosby area miners.

Serves approximately 60,000 residents of all ages in the Brainerd Lakes and its surrounding communities.

Our service area extends far beyond Crosby. We care for more than 60,000 residents in Aitkin, Brainerd, Backus, Baxter, Crosslake, Deerwood, Emily, Fifty Lakes, Fort Ripley, Garrison, Ironton, Longville, Merrifield, Nisswa, Outing, Pequot Lakes, Pillager, Pine River and Remer.

Physician Clinics

CRMC's physician clinics provide comprehensive, high quality medical care through an impressive range of primary and specialty care physicians. From family medicine practitioners and internists to orthopaedic surgeons and obstetrician/gynecologists, our growing family of physicians and professional staff manage a wide variety of our patients' health care needs. CRMC offers five locations for the convenience of our patients: Baxter next to the Minneapolis Heart Institute, Breezy Point across the highway from the Sports Arena, Crosby inside the hospital, Crosby inside the Super One grocery store, and Longville just off Girl Lake.

Year *in* Review: FY23 & FY24

April 1, 2022 – March 31, 2024

Over the past two years, CRMC has continued to raise the bar on patient care, grow our service offerings, and receive meaningful recognition for our commitment to quality, compassion, and innovation. Although data access delayed this report's publication, it offers a unique opportunity to reflect on a strong two-year span of progress and excellence across our organization.

National and Regional Recognition

CRMC was honored repeatedly during FY23 and FY24 for both patient experience and clinical excellence. Among the most prestigious awards:

- Healthgrades Outstanding Patient Experience Award (2022 & 2023), reflecting our ongoing focus on personalized, attentive care.
- Newsweek's World's Best Hospitals (2022 & 2023), placing CRMC among top-performing hospitals worldwide.
- U.S. News & World Report rankings recognized CRMC for superior outcomes in hip replacement and hip fracture care, and awarded 5-star ratings for medical, surgical, and ICU patient experience.
- Women's Choice Awards named CRMC among America's Best Hospitals in four categories: Obstetrics, Minimally Invasive Surgery, Emergency Care, and Patient Experience.
- Blue Distinction Center status further acknowledged CRMC's high-quality specialty care.

In 2022, the Minneapolis Star Tribune named CRMC Minnesota's Best in several categories, including Best Hospital, Best Orthopaedic Surgeon, Best Surgery Center, and Best Nursing Home. Local pride was also reflected in the Brainerd Dispatch's Best of the Brainerd Lakes awards, where CRMC earned #1 Best Medical Facility in both 2022 and 2023, and #1 Best Healthcare Provider in 2022.

CRMC also earned recognition from the American Diabetes Association for its diabetes education program and received a Hospice Honors designation for excellence in end-of-life care.

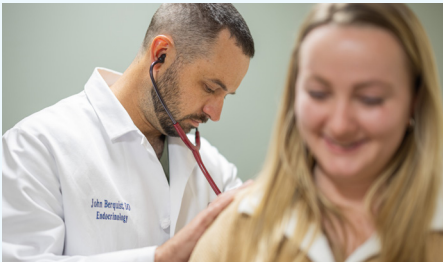

Year *in* Review: FY23 & FY24

Advancing Our Services

We continued to expand access to care and specialty services throughout FY23 and FY24:

- Endocrinology launched with the addition of Dr. Berquist, broadening our ability to support patients with diabetes, thyroid disorders, and other hormone-related conditions.
- ERCP (Endoscopic Retrograde Cholangiopancreatography) services were introduced under the leadership of Dr. Kelly, offering advanced diagnosis and treatment for gastrointestinal conditions.
- Our Spine program welcomed Dr. Stokman, expanding surgical care for back and neck conditions.
- The Intracept Procedure, a minimally invasive option for chronic vertebrogenic back pain, became available in our Pain Management clinic.
- A new SIM Man training system enhanced hands-on learning for clinical teams, supporting a culture of safety and continuous improvement.

Investing in Quality and Innovation

CRMC's clinical excellence was further validated by key accreditations and awards:

- Designated a DNV (Det Norske Veritas®) Center of Excellence in FY24 – an achievement that reflects rigorous adherence to best practices and exceptional outcomes in patient care.
- Continued certification from The Joint Commission, Commission on Cancer, and other national bodies reinforced our commitment to evidence-based care.

In FY23, CRMC also launched the inaugural CRMC Championship, a community golf event that has since become a signature fundraiser supporting local healthcare initiatives.

Strengthening Our Communities

As part of our mission to support health beyond our hospital walls, CRMC received the Minnesota Hospital Association's Community Benefit Award for efforts to combat food insecurity—a reflection of our broader commitment to addressing the social determinants of health.

FAMILY MEDICINE

We are dedicated to meeting the diverse needs of our patients — actively recruiting and retaining skilled physicians and specialists essential to our community’s well-being.”

Community Benefit

At CRMC, we are deeply committed to enhancing the well-being of our community through a comprehensive range of programs and activities that promote health, healing, and access to care. Guided by insights from our Community Health Needs Assessment, we focus on addressing the most pressing health issues, including mental health, physical activity, and nutrition. Our initiatives aim to improve community health by increasing access to healthcare services and fostering a holistic environment of well-being.

We collaborate closely with community members, local organizations, and public health departments to understand and address the unique needs and strengths of our community. Our community benefit programs are designed to provide treatment and promote health and healing in direct response to these needs. These initiatives are crucial in enhancing access to healthcare and improving overall community health.

Each year, CRMC strengthens our commitment to the community by providing health-related education through a variety of events, seminars, support groups, and wellness screenings. We also collaborate with other non-profit organizations that share our mission to improve the community's health and well-being. Ensuring access to affordable healthcare for all community members is one of our top priorities.

CRMC is dedicated to offering charity care to all qualifying patients and provides subsidized services to ensure healthcare remains accessible to everyone in the community.

Supporting our communities

CRMC Addresses Food Insecurities

From skyrocketing grocery prices making it harder to put meals on the table to the lack of access to fresh, healthy fruits and veggies, the need in our community is immense. During the Community Health Needs Assessment, many of our neighbors identified that they were feeling the impact.

From April 2023 to March 2024, Cuyuna Regional Medical Center (CRMC) was steadfast in its mission to improve food security. With a clear focus on increasing fruit and vegetable consumption and reducing obesity rates among its patients, the medical facility implemented a range of strategies. Those included employee volunteer hours, increased cash donations, and community-based activities, all aimed at directly benefiting those in need.

CRMC employees volunteered in various settings, including the local food shelf and serving meals at the community table. To address food insecurity for children during the summer, CRMC partnered with area churches to provide nutritious meals to youth who relied on free and reduced meals during the school year. The Cuyuna Lakes Lunch Bunch established multiple drop sites, ensuring students in different communities were fed. In total, over 1,600 meals were made.

Additionally, different departments at the medical facility sponsored mini food pantries monthly, filling three pantries one to two times weekly. The mini pantries allowed families, or any community resident, to grab items with no questions asked. Recognizing the need among seniors, CRMC teamed up with Catholic Charities to offer nutritious frozen meals that seniors in Crow Wing County could pick up monthly. In the span of 12 months, 17,214 meals were distributed.

CRMC's commitment to serving those in need is unwavering. From providing free meals at community events to distributing food bags and pantry packs, our efforts are ongoing. We understand that the needs in our community are persistent, with a county poverty rate of 10.7%, and we are dedicated to meeting these challenges head-on.

FY 2024 & FY 2023 Charity Care	April 2023 – March 2024	April 2022 – March 2023

Employee Volunteering

Giving back to the community and helping others is at the core of who we are. Sixty years ago, CRMC was founded because you, the community, wanted to ensure high-caliber healthcare remained in the region. To give back for all that you have done, we are committed to continuing the sentiment you have believed in for decades. Our Volunteer CRMC: Our Mission Has Meaning program was established with that in mind. Through this program, employees are encouraged to volunteer, and in return, CRMC donates \$100 to the charity of their choice once an employee has volunteered for 10 or more hours. This initiative empowers our employees to choose the causes they are passionate about, allowing us to effect change in areas that matter most to them.

“

Volunteering is the ultimate expression of human connection and compassion, where hearts meet to heal and uplift.”

CRMC Foundation

**PAVING A PATH TO HEALTH AND
HOPE IN OUR COMMUNITY**

**No other mission holds as
much impact as healthcare.**

**Its duty encompasses the
welfare of every individual in
the community, from their first
breath to their final moments.**

Cuyuna Regional Medical Center's Foundation supports critical healthcare initiatives in our area, facilitating the realization of specific projects that otherwise remain beyond reach due to limited resources. Every dollar contributed possess the potential to make a difference in the lives of hundreds of patients and their families each year.

With an unwavering commitment, the CRMC Foundation directs its focus to addressing the most significant needs of the medical campus. Through fundraising endeavors, it lends support to patient care, secures crucial equipment and cutting-edge technology, advances the quality of patient care, and fosters staff programs and educational endeavors that prioritized the well-being of both patients and the community.

The indispensable philanthropic support has been an essential part of CRMC's evolution, playing a pivotal role in saving countless lives. Community investments have benefitted numerous patients, propelling our initiatives to equip our facility with the latest technology, enabling patients to receive care within the area.
